

Get “CREDIT” for paying your rent on time.

We are an Experian RentBureau Community.

We believe that our residents should get credit for managing the payments for the place they call home. That’s why we’ve partnered with Experian RentBureau to include positive rental payment data in Experian credit reports.

“In the long run, having a two-year excellent credit line for my rental payments will add value by helping me to potentially receive lower interest rates on a mortgage and car consumer loans. “

-B. Scott, multifamily resident

In the past, only negative rental payment data, such as rental collections, was reported to credit reporting agencies. Therefore, your on-time rental payments never were included in credit reports---unlike credit car, mortgage and car payments, which help build credit history when paid on time.

The addition of positive rental payment data in Experian credit reports can be a benefit to anyone who rents, especially non-credit-active, cash based consumers.

We recognize the value of having a positive rental payment history, and we want to provide our residents with this unique opportunity to get credit for their on-time rental payments.

Answers to common questions about rental payments on your credit report.

**What information is reported to Experian RentBureau?** Experian RentBureau receives updated rental payment data every 24 hours from property management companies and electronic rent payment processors across the nation. The positive, paid-as-agreed rental payment data reported to Experian RentBureau is incorporated within Experian credit reports.

**What type of rental payment information is on my Experian credit report?** Only positive rental payment history reported to Experian RentBureau has been added to your

Experian credit report. If available, the 25 most recent months of rental payment history information will be displayed. Negative rental payment information on a credit report, such as a collection account, already is reported to credit reporting agencies through collection agencies.

**Will my rental payments affect my credit score?** Your rental payment information will be included as part of your standard credit report and may be incorporated into certain credit scores, such as Vantage Score and Experian’s PLUS Score. For more information on VantageScore, please visit [www.experian.com/getyourvantage](http://www.experian.com/getyourvantage).

**Can I build my credit history by paying my rent on time?** Yes. The inclusion of positive rental payment history within Experian credit reports allows you to establish or build credit history through timely rental payments.

**How will my residential lease appear on my credit report?** Your residential lease will appear on your credit report as a tradeline that describes your account status and activity. The tradeline will display your rental payment history on the lease for the past 25 months, if available, and will include additional information, such as the date opened, monthly payment amount and recent payment.

**How will my information be used?** The Fair Credit Reporting Act (FCRA) regulates the Experian Rent Bureau database and the Experian consumer credit database. The FCRA is federal legislation that strictly governs the actions of credit reporting agencies and lists the permissible purposes for obtaining access to the information held by credit reporting agencies. With the exception of you getting your own report, access is restricted to businesses or government agencies that meet the permissible purpose requirements.

**How will lenders use my rental payment information?** Lenders may consider your rental obligation when determining your ability to repay new debt. There are many kinds of credit scores and many different underwriting practices that are used by lenders for various types of lending, such as auto loans, mortgages and credit cards. Each credit grantor decides what standards you must meet for it to grant you credit.
